2023 WCCCA Clinic Speaker Bio's

Spencer Agnew

Spencer is a 2009 graduate of Fort Atkinson High School where he competed in Track & Cross Country all four years. He was lucky enough to be a multiple time state qualifier, state medalist, and school record holder. After high school he went onto Marquette University where he competed in Track & Cross Country. Spencer then started his physical therapy education at UW-Madison following a gap year where he coached alongside Coach Miller at UW-Whitewater. Upon graduating with his Doctorate in Physical Therapy in 2018 Spencer started working in his hometown of Fort Atkinson. In the fall of 2019 he started Peak Endurance Performance & Physical Therapy in Madison where he works primarily with endurance athletes to help them return from injury, stay healthy, and improve performance. He began coaching at the high school level in 2018, 2020-present, and is now the Head Boys & Girls Cross Country Coach at Fort Atkinson High School.

Gary Brone

Gary Brone received a B.A. degree from Winona State University in 1966. After graduation and marriage, Gary was employed by the City of New York as a social worker for the Department of Social Services from 1967-1976. In 1976 Gary, Judee and their 2 children, Mark and Jesse, moved to the Twin Cities where he was employed as a mental health counselor from 1976-1980. A move to Fountain City, WI and self-employment brought about the opportunity in 1983 to coach cross country at the Cochrane-Fountain City High School. From 1986-2002 Gary taught senior high social studies while continuing to coach cross country as well as track and field.

Gary retired from teaching in 2002 but has continued to coach the cross-country teams until the present time. Under his time as the head coach the program has produced 5 Boys and 4 Girls Division 3 State Champion teams. The first being for the boys in 1984. The most recent being a Girls State Title in November 2022. The program has also seen 3 girls and 1 boy garner Individual State Champion awards. This includes a first in state CC history with both the boys and girls individual champion coming from the same school in November 2022. Gary was inducted into the WCCCA Hall of Fame in 2003.

Jeff Rich

Jeff Rich graduated from Cochrane – Fountain City High School (C-FC) in 1985. While in school, Jeff participated in the band and choir and was also a four-sport letter winner and three-time captain (football, cross-country, basketball, and track & field). He joined coach Gary Brone's first cross-country team in 1983 and was one of six runners on C-FC's first state championship squad in 1984. Jeff was inducted into the National Honor Society and became his class valedictorian. After high school Jeff earned his Bachelor of Science in Mechanical Engineering from U.W. Platteville.

During his professional career, Jeff spent seventeen years in the manufacturing sector for John Deere and Trane as a project leader and engineering manager. Between 2006 and 2019 he

worked for Gundersen Health System in La Crosse, Wisconsin, as the executive responsible for developing Gundersen's environmental program (Envision). Jeff is a recognized expert in the healthcare sector on the deployment of energy efficiency and renewable energy technologies and has presented to global audiences on the topic. Jeff retired in 2019. In recent years, he has served on several boards and committees including the Gundersen Health Plan; the National Governor's Association Policy Academy; the Healthcare Without Harm Climate Council; the U.W. Platteville Sustainable and Renewable Energy Systems Advisory Board; the Governor's Task Force on Climate Change; and Renew Wisconsin.

Jeff and his wife Karen raised three daughters and they currently reside in West Salem, Wisconsin. He is an avid outdoorsman and enjoys fishing, hunting, biking, camping and nearly all other outdoor activities. His time with his high school cross-country team and coach so profoundly affected him that Jeff has recently undertaken the task of writing a book about the experience.

Mark Brone

Mark Brone graduated from Cochrane-Fountain City HS in 1986. He had success in cross country, basketball, track and field and baseball earning varsity letters in all. He was part of the school's first Team State Championship of any kind when he helped the Cross-Country team to the 1984 boys class C title.

After graduation he walked on to the men's basketball team at the University of Wisconsin Stevens-Point and earned a varsity letter with the Pointers in the 1987-88 season. After switching major's a few times, he finally graduated in December of 1992 with a B.A. Degree in Mass Communications – Television Broadcasting emphasis. He also earned minors in Art, Art History and Coaching. He completed 1 year one year of Graduate School at St. Mary's University of Minnesota.

Citing burnout from a career unfound and lack of desire to finish his master's he decided to open a bicycle shop. In 1996 Mark and Gary Brone established Brone's Bike Shop. They've been at it ever since. Mark has been a head varsity boys basketball coach and long-time youth coach for both boys' and girls' basketball.

Mark married his HS sweetheart in 1997 and together they are raising two children. Haili is a Freshman at UW-Madison and Mason is a Freshman at Galesville-Ettrick-Trempealeau high school.

Natalie Doornink

Natalie Doornink is the Head Cross Country Coach for the school district of Grantsburg. She completed her 5th year of Coaching in the 2022 season, and begins her 4th year as the Head High School Coach overseeing the High School and Middle School Program.

Early on, Natalie started running cross country for Mound Westonka, a suburb of the twin cities, earning varsity as a 6th grader and being Coached by her dad. Her passion and belief grew from there. Her family moved to Grantsburg her freshman year of high school and her dad, "Coach Chuck" a 40 year veteran Cross Country and Track Coach, started the 1st ever Grantsburg Cross Country Program in 1993. Later, Natalie ran cross country and track collegiately for Carthage College in Kenosha, WI. Since then Natalie has shared her passion for the sport with students and has developed a strong program and culture. Natalie has a

background in Exercise Sports Science and has worked with athletes and adults over the years sharing her knowledge and helping athletes to reach their potential. Currently, Natalie has two kids that run for Grantsburg. In Fact, her son Chase was the 2022 400m Wisconsin State Champion and her daughter made State as a freshman as the only female individual for Grantsburg to qualify for both Track and Cross Country in the 2021-22 season. Running is a highlight for their family. Natalie has been fortunate to have a wonderful Mentor in her dad, continuing education, and a career in fitness performance matched with personal experience as a former high school and college runner. In 2021, Natalie brought both of her teams to State with the boys team winning State Champion Runner Up. It was a successful season that earned Natalie the 2021 District 1 Head Coach of the Year Award and Will Gerber, her top male athlete, the District 1 Runner of the Year Award. Natalie believes that our sport and the running community is something special, impactful and life changing for so many athletes. Natalie aims to collaborate and learn from other Coaches and wants to listen and share ideas to support our District and our sport.

Cross Country State Records

State Meet Team

Participants

1960-2022

Cross country is one of the oldest WIAA sponsored sports, dating back to pre-World War I days. The sport enjoyed moderate participation among member schools up through the 1950s, by which time some fifty to sixty schools competed during the season and at the state level. By the close of the 1950s, participation was reaching large enough proportions that qualifications to reach the state-run became necessary.

Preliminary competitions became a reality in the 1960 season and have continued thereafter. Thus, prior to 1960, all teams competed at the state level, while since that time only a predetermined number of teams have been eligible for the state-run by way of regional and/or sectional qualifications. Since state meet participation was put on a qualifying basis in 1960, a total of 340 boys teams and 283 girls teams have been involved in state championship competitions.

A major change was implemented for the 2000 season as 42 WISAA schools were incorporated into the WIAA cross country program.
